### DESCRIPTION

This cold rolled galvanised steel portal framed triple garage, can be supplied in a kit form or we can also supply you with a team of steel erectors to erect it for you. A building like this can and has been used for a wide variety of uses from Small industrial units, valeting bays, workshops, farmshops and even occasionally used to store cars! We are more than happy to advise you if you need a slightly bigger or smaller building, feel free to contact us on 0800 316 8789.

### BUY WITH CONFIDENCE

Midbrook Buildings and its succesful website garagequotes.com are one of the leading suppliers of steel and concrete buildings in the UK. We pride ourselves on supplying top quality buildings, at some of the most competative prices. We are a firmly established family business based in Derbyshire, ideally positioned to offer our customers a nationwide service that is second to none. We are more than happy to show you some of our customers buildings or to speak to some of our satisfied customers. Our business has been built on word of mouth and reccomendation.

### NOTES

Our typical delivery time on this product is 28 days from placing an order, although this may be shorter, so please contact us if you are in a rush. If neccessary we can provide a full planning service, technical drawings and arrange free site surveys to ensure that your purchasing process is a smooth one. We are here to help every step of the way if needed. Please note that the quote price is for supply only.
